

FEATURED!

The Aluminator

The Aluminator is an all aluminum retrofit roof drain for quick and easy installation. Constructed of heavy gauge spun aluminum, the Aluminator also includes a strong mechanical ProSeal to prevent water backflow issues.

Marathon Roofing Products is happy to announce that our Aluminator line of Retrofit Drains have been certified to conform with ASME A112.6.4 and CSA B79 standards. Our Aluminator now meets both the International Plumbing Code (IPC) and the Uniform Plumbing Code (UPC) requirements for using in reroofing applications in the USA and Canada

PRESIDENT'S MESSAGE:

Thank you to our customers for helping with a spectacular start to the new year. We have been very busy attending many shows. From Dallas to Chicago to Greenville we have seen many great customers and thank them for their continued support. Without their input we would not be able to continue to innovate our product line and provide the best products in the industry. New products such as **All-in-One PVC Roof Drain** or our **Stainless-Steel Poseidon Drain** are just a few to speak about. We strive to be the best at customer service with Tim Krawczyk leading the team. Please reach out to him or our sales team Christian Fachko & Matt McLaughlin for your drain needs from Marathon.

For over 50 years Marathon Roofing Products is a leading provider in the industry. These super stars are always here to provide outstanding service to our customers. **Meet our team!**

A MESSAGE FROM TIM:

Spring is finally here, and it has been a very busy start for Marathon. I hope you find our First Newsletter informative on what is happening at Marathon. Check out our Full Line of Drains, Vents, Equipment and Accessories on our NEW Product Line Card or Website. Also, don't forget we can make that special drain that you can't find from anyone else - Call me to discuss. Thanks again for your continued support and business.

When it Rains...Marathon Shines!

FEATURED PRODUCTS: CAST IRON DRAINS

CAST-PAK

The Cast-Pak roof drain offers versatility and easy installation on new and existing roofs. Made of epoxy coated cast iron body that is supplied with a metal clamping ring, under-deck clamp, rubber coupling and strainer.

RD-700

RD-700 epoxy coated cast iron dual outlet roof drain / overflow combination with flashing clamp, integral gravel stop, 2 inch high internal overflow standpipe, secured ductile iron dome, and no hub outlets. Constructed to withstand climate and the rigors of long-term use.

RD-200

RD-200-W epoxy coated cast iron overflow roof drain with flashing clamp with integral 4" (102mm) tall standpipe, self-locking polyethylene dome (standard), and no hub (standard) outlet.

REP CORNER

Dusty is the owner of Pro-Active Sales and Marketing; he has been in the industry for almost 30 years. His territories cover North Carolina, South Carolina, Tennessee, Virginia & Georgia. His company represents 10+ quality manufacturers and offers a good balance of main lines and accessory lines, both in the commercial and residential side of the industry. During his free time Dusty is family oriented, watching his son play football and taekwondo. He is also currently looking at colleges with his daughter as she finishes up High School.
