About Us

Marathon Roofing Products was started in Buffalo, NY in 1966 as a small scale manufacturer of copper drains. Since those humble beginnings, we have expanded significantly. In 2008, Marathon Roofing Products moved to a new 30,000 square foot facility in Orchard Park, NY to help support their continued growth.

As a privately held company, we ensure you will continue to receive the personal service you have grown accustomed to for six decades. As Owner and President of Marathon Roofing Products, I have made it my mission to be certain that our customers continue to receive top notch customer service regardless of the growth we experience. Our continued efforts to create long standing relationships with our customers and the company's reputation for quality products and service will ensure our vitality for years to come.

Tod Cislo
President, Marathon Roofing Products, Inc.

Why Choose Us?

Ranked as one of the nation's leaders in manufacturing and distribution of quality commercial roof drains, vents, equipment and accessories worldwide. Marathon Roofing Products is committed to supplying its customers with quality products at competitive prices while providing the best customer service in the industry.

- INDUSTRY LEADING CUSTOMER SERVICE & INNOVATION**
- FASTEST MANUFACTURING & SHIPPING LEAD TIMES IN THE INDUSTRY**
- OFFERS COMPLETE CUSTOM DRAIN MANUFACTURING**
