UNIVERSAL MARA-BOOT

Universal Mara-Boot provides a permanent watertight and maintenance free means for penetrating roof systems. The Mara-Boot is able to be used on all types of roof systems and replaces using pitch pans. Made from EPDM rubber caps and spun aluminum base, each cap accommodates pipe sizes from 1-1/4" to 2". Supplied with SS clamps and resistance to weathering, ozone, UV and extreme hot and cold temperatures.

Features

- EPDM Cap Made for Maximum Resistance to Weathering, Ozone, UV & Extreme Hot & Cold Temperatures
- Caps are Mechanically Sealed to Dual Beads on the Mara-Boot Aluminum Base & Grooves on the Inside of the EPDM Cap
- Provides a Permanent, Watertight & Maintenance Free Applications for Penetrating Roofs
- Each Cap Accommodates (2) 1/4", 1-1/2", 2" & (2) 3/8"-1/2", 3/4", 1" Pipe Sizes
- Supplied with (4) SS Clamps
- 14" Diameter Flange
- Standard 9" Total Height with Rubber Boot
- 8" Stack Diameter
- 6" Stack Height
- Standard Black Boot - Available in White

PVC Coating
Only

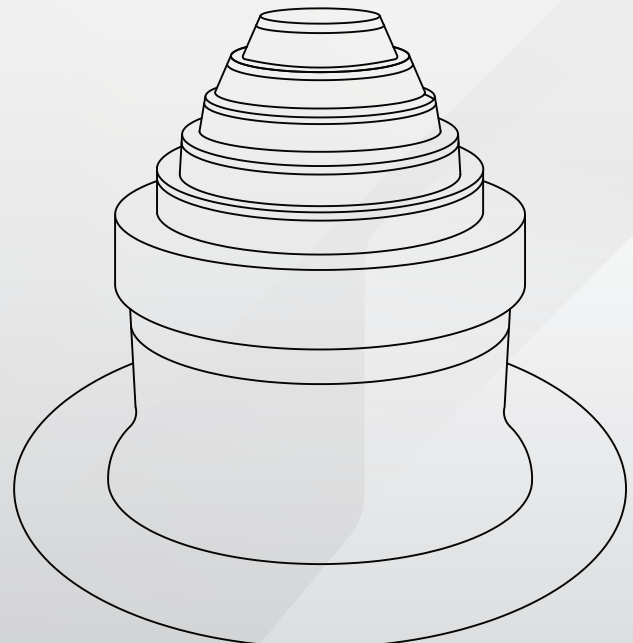

UNIVERSAL UNI-BOOT

UNI-BOOT provides a permanent watertight and maintenance free means for penetrating roof systems. The UNI-BOOT is able to be used on all types of roof systems while eliminating the need for pitch pans. Made from EPDM, rubber caps and spun aluminum base, the UNI-BOOT eliminates roof leaks from roof penetrations.

Features

- EPDM Black Cap Made for Maximum Resistance to Weathering, Ozone, UV & Extreme Hot & Cold Temperatures
- New Caps are Mechanically Sealed to Dual Beads on the Uni-Boot Aluminum Base & Grooves on the Inside of the EPDM Cap
- Provides a Permanent, Watertight & Maintenance Free Seal around Pipe.
- Stainless Steel Clamps Provided to Give Added Protection for Pipe Seal
- Each Cap Accommodates 1/4", 3-7" Pipe Sizes
- Two Steel Band Provided (3"-5" & 5"-7")
- 9-3/4" Tall with Rubber Boot, 14" Flange, 8" Diameter Stack & 6-1/4" Aluminum Base

DEKTITE® RETROFIT

Premium Roof flashing that is available in many sizes with a flexible cone, low profile design, bonded aluminum flange and available to be painted to match floor color. EPDM will withstand temperature of -122 °F to 392 °F for intermittently temperatures. Silicone will withstand consent temperatures of -112 °F to 392 °F.

Features

- Premium Roof Flashing Available in Many Sizes with Flexible Cone
- Low Profile Design
- Bonded Aluminum Flange
- Can be Painted to Match Roof Color
- EPDM will Withstand Temperature of -122°F to 392°F for Intermittently Temperatures
- Silicone will Withstand Consent Temperatures of -112 °F to °392 F

DEKTITES

Available in many sizes with a flexible cone, low profile design, bonded aluminum flange and available to be painted to match for color. EPDM will withstand temperature of -122 °F to 392 °F for intermittently temperatures. Silicone will withstand consent temperatures of -112 °F to 392 °F

Features

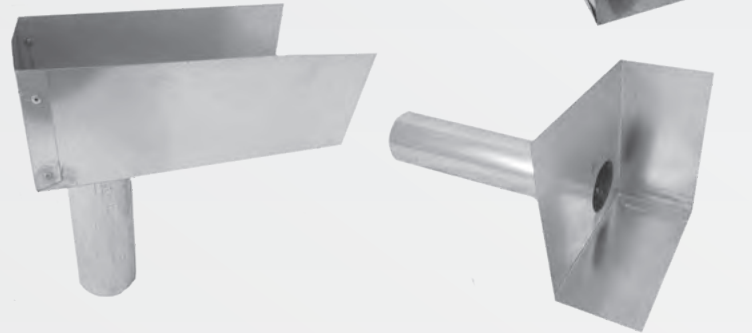

- Fast & Efficient Installation Wraps Around Existing or Difficult to Access Pipes
- Snaps Together in Seconds
- The Built-in Crimp Means No Loose Clips or Rivets
- Grips Tight & Stays Tight Made from Quality Polymer Compound
- Our Base Makes Easy Work Aluminum Base Conforms to Roof with Ease
- Twenty Year Warranty

PVC Coating
Only

GALVANIZED GUTTER OUTLET/ CONNECTIONS

Galvanized Yankee Gutter Drains efficiently directs water from Yankee gutters to downspouts. Designed for durability and reliability and is perfect for enhancing traditional gutter systems.

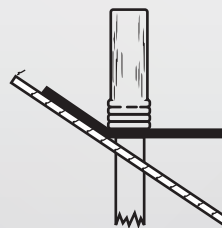

MARA-FLEX

Quality roof flashings made of lead that are designed to meet building codes flashing requirements. Designed to fit all pitches of roofs and available in many sizes and full sheets

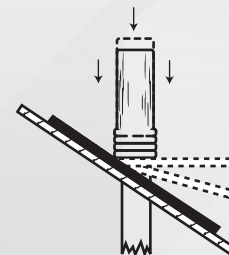

Features

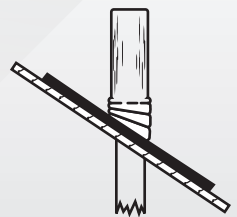

- Quality Roof Flashings of Heavy Duty Material to Provide Reliable Long Life Performance
- The Standard Rippled Portion of the Flashing Outlet Offers an Accordion Action to Accommodate Variable Applications
- Designed to Ft All Pitches of Roof

Step 1
Install
MARA-FLEX roof
flashing over the
vent pipe. Press
down with
enough force to
fit the upper side
to the roof pitch.

Step 2
Fit lower side to
roof pitch by
raising and
dropping sharply
several times until
fit is correct.

Step 3
Ensure position
is perpendicular
and flange sits
flush to roof.

10" CAST IRON & ALUMINUM STRAINERS

This enhanced design has been fully integrated into all our drain lines utilizing this strainer, providing superior water flow, increased durability, and a more modern aesthetic that aligns with today's industry standards.

Features

- Increased Height for Better Drainage & Debris Clearance
- Engineered for Enhanced Durability, Superior Strength while Maintaining Lightweight Functionality
- Modernized Aesthetic Aligns Seamlessly with Other High-Quality Drain Products on the Market, Ensuring a Uniform & Professional Appearance
- New Size of 7" Tall & 10" Diameter
- Domes are Completely Redesigned to Precisely Match the Widely Recognized Aluminum & Cast Iron Domes, Reinforcing Consistency Across All Applications

STRAINERS

Offering a wide range of replacement styles & sizes of strainers.

Features

- Plastic, Aluminum & Cast Iron
- Sizes from 5" to 18" in Diameter

CLAMPING RINGS

We offer a wide selection of replacement clamping ring styles and sizes from leading brands such as Marathon Roofing Products, Zurn, Josam, JR Smith, and Wade.

Features

- Plastic, Aluminum & Cast Iron
- Sizes from 5" to 18" in Diameter

PVC Coating
Only

RETRO RING & DOME

Versatile easy & quick replacement for broken or missing roof drains domes and rings. Fits three or four bolt patterns ranging from 6-1/2" to 11-3/4". V channel scallops openings on the ring & dome allow for maximum drainage. Our Cast Iron Retrofit Ring & Dome is the only one available in the industry, weighing 21 lbs!!!

Features

- Aluminum & Cast Iron
- Versatile Replacement
- Maximum Drainage
- Bolt Down Security
- 6-1/2" to 11-3/4"
- V Channel Scallop

ADJUSTABLE DRAIN GUARDS

Sized to fit all drain openings, lock out stones & debris with two quick twists of the wrist. Prevent costly drain clogs for decades to come. Sturdy dome & hardware that withstands extreme conditions.

Features

- All Aluminum
- Stainless Steel Hardware
- Fits Drain Openings 2-1/2" to 8"
- Domes Available in 5", 8", 10", 13" & 18"
- Low Profile Dome Available
- Available in Stainless Steel

RD-940 DOWNSPOUT NOZZLES

Cast nickel bronze downspout nozzle featuring a durable anchor flange, countersunk mounting holes for a flush installation, and multiple connection options including standard IPS threaded, no hub, or push-on fittings. Designed for efficient water discharge and long-lasting performance in commercial and industrial drainage systems.

Bronze

Plastic Downspout

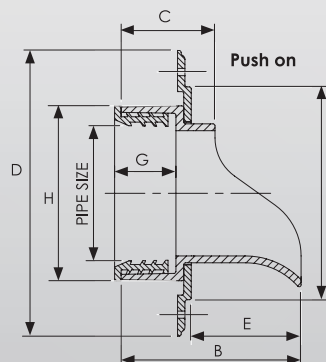

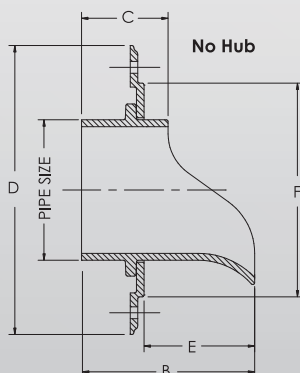

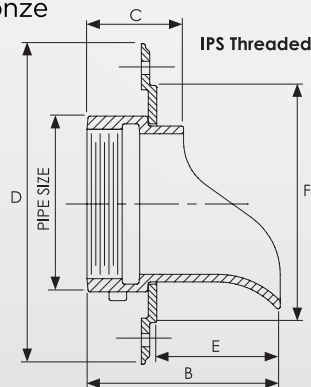

Aluminum Wallflower
Downspout

Features

- IPS Threaded (Standard), No Hub or Push-On Connection to Match Drainage Conditions
- Designed with Anchor Flange & Countersunk Mounting Holes for Secure Installation
- Cast Nickel Bronze Provides Long Life & Durability

Options/Accessories

- Stainless Steel Bird Screen
- No Hub
- Push-On Connection
- Bronze: Cast Nickel Bronze
- Silver: Aluminum
- Black: Plastic

RD-950 DOWNSPOUT COVER

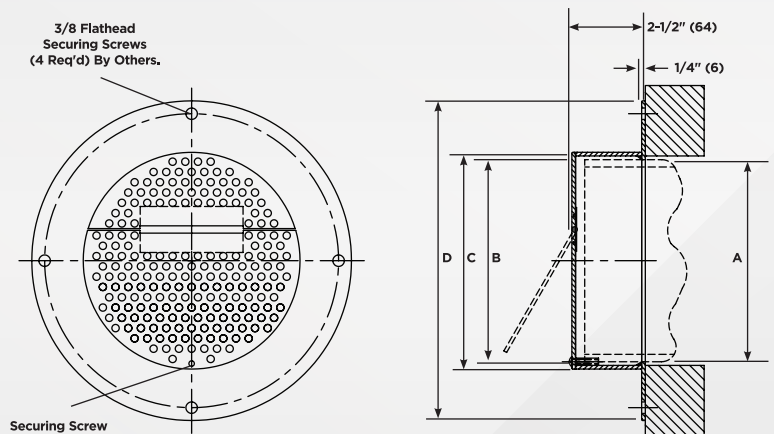

Round fabricated downspout cover made from Type 304 stainless steel, featuring a robust securing flange and a hinged perforated strainer for easy access and maintenance. Engineered for durability, corrosion resistance, and reliable debris protection in exterior drainage applications.

Features

- Stainless Steel
- Securing Flange
- Perforated Hinged Strainer

Options/Accessories

- Vandal Proof

JOSAM CLAMP POSTS

Josam Style 410 roof drain clamps offer a great solution for securing your roof drains to various roof configurations and materials, including asphalt, EPDM, PVC, and TPO membranes

Features

- Available in 2-1/2" & 4" Long
- 4 Posts & Screws per Kit

SAFETY EQUIPMENT

FALL PROTECTION

Our OSHA-approved perimeter warning and guardrail systems are designed to serve as a temporary and portable safety solution for a wide range of job sites. These systems offer essential protection for workers and equipment by clearly defining hazardous areas and preventing accidental access to zones that may present fall hazards or other safety risks. Easy to install, relocate, and remove, our perimeter safety solutions are ideal for construction projects, rooftop work, industrial maintenance, and any environment where temporary fall protection is critical. Built for durability and compliance, these systems help maintain a safe working environment while meeting OSHA standards.

SAFETY RAILS

We offer a comprehensive line of Safety Fall Protection Systems designed to meet the needs of all types of applications. Whether for construction sites, industrial settings, or commercial facilities, our solutions ensure the highest level of safety and compliance. Each system is engineered for durability, reliability, and ease of use, providing peace of mind for workers in elevated or potentially hazardous environments.

FALL ARREST HARNESS KIT

Available in 25' & 50', this complete all-in-one kit for fall protection, includes a harness, rope grab with a 2' energy absorber, anchorage connector & a 25' or 50' lifetime all housed in a 5 gallon storage pail. The kit is fully customizable with a variety of rope lengths & anchor option, ideal for any roofing job.

PVC Coating
Only

ROOFING ACCESSORIES & EQUIPMENT

HOT AIR TOOLS

Hot Air Tools for welding PVC membrane on all roofing applications. Many models are available based on your installation requirements.

INSULATION CARTS

Our insulation carts are engineered to streamline loading—whether on the ground or deck—with minimal operator effort. Built to carry heavy sheet goods like ISO board, plywood, or similar panels weighing several hundred pounds, they're available in both two-wheel and four-wheel configurations to suit any jobsite.

SEAM ROLLERS

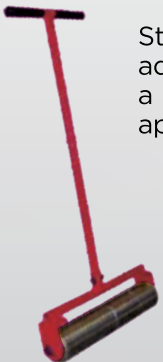

Various sizes available, silicone, steel, threaded, ergonomic, seam probes, penny & stand-up rollers.

SPREADERS & ROLLERS

The Better Spreader makes adhered projects more efficient and contractors more profitable. This proven, simply quick adhesive dispenser has been designed to save you time and money.

STEEL ROLLERS

Steel rollers designed for use with adhesive-backed membranes, available in a variety of sizes to suit different applications.

SLAG PUSHER

Aluminum Slag Pusher to spread gravel evenly.

ROOF HATCHES

Available in aluminum & galvanized & in many sizes. Lids are mounted on 12" curb & standard with compression springs, zinc plated steel hardware & insulation in the cover and at the curb perimeter. Smoke hatches are also available.

TRASH CHUTES

Fast & a safe way to remove debris from the roof or other elevated areas. Welded 42" x 42" steel hopper constructed to withstand years of service. Trash chutes are 4 foot sections & are not affected by sunlight, moisture of chemical corrosion.

DRUM HEATERS

Thin, flexible electrical resistance heaters, easily wrapped and secured around drums, pails and tanks.

ROOF DRAIN MARKER >

Safely & reliably identify all your roof drain locations storm after storm, year after year. Universal fit, top mounts to all sizes & shaped covers. Impervious to fresh water & reversible with lock in feature.

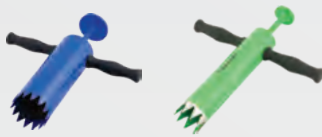

ROOFING ACCESSORIES & EQUIPMENT

ON-DECK EQUIPMENT

Full line of on-deck equipment including roof cutters, planers, sweepers, roof peelers, as well as accessories for your equipment needs.

CORE CUTTERS

Specialty tool designed to take roof test cuts easily & efficiently. Available in 2" & 3"

SUPER SLITTER

Made to cut material from 30 to 16 guage with sheet capacity of 48" wide. Three pair of high carbon/high chrome steel knives. Powered by 115 volts 1/3 hp electric motor.

TENNSMITH

Full range of sheet metal tools including hand brakes, power shears, slip rolls, cleat benders, notchers and rotary machines.

KETTLES

Kettles available in 90 to 800 gallon capacities—ideal for mixing, heating, and processing in commercial and

4 WHEEL CART

Durable 4-wheel cart designed for easy transport of materials, featuring a sturdy frame and smooth-rolling wheels for enhanced mobility and stability

WHEELBARROW

6 cubic foot, heavy duty professional grade wheelbarrow that comes standard with a steel tray, steel handles, steel frame & a flat free tire.

HOISTING

hand, hydraulic, and ladder hoists.
